

JANUARY IS "TRAIN YOUR DOG" MONTH
5 Star presents:
DOG TRAINING SEMINAR

Saturday January 21, 2012 1 - 6 p.m.
5 Star's Training Centre, #16, 3435 Westsyde Road
(Westsyde Shopping Centre beside Home Hardware)

In this seminar, we will discuss the ins and outs of various training methods. We will demonstrate how to train without corrections and how to build a solid positive relationship with your pet.

There will be 8 working dog spots which will be awarded on a 1st come/1st served basis. The dogs will work through the following exercises:

Loose leash walking (not pulling you down the street!)

Polite greeting when approaching people

Working spots: Because this is a training seminar (not behaviour modification), for this workshop the working dogs must be people and dog friendly and because there will be a combination of training sessions and information lectures, the dogs must be able to lay quietly beside your chair, or stay in a crate or in your car between working sessions.

Auditing spots: unlimited - you will learn A LOT by observing the working groups. Bring lots of paper to take notes!

You will have the opportunity to ask questions about training, management or behaviour issues happening at home at the end of the session.
